MANNOL 2-Takt Plus is a high performance semi-synthetic oil for lubrication of two-stroke engines of modern motorcycles, bikes and other moto vehicles with air cooling. Synthetic components provide maximum wear out protection and prevent cylinder walls from tearing at extreme engine loads. Blends well with fuel even at low temperatures. Reduces smoke formation to a minimum. The recommended proportion for mixing is 1:50 (check the vehicle producer's recommendations). Can be used in motosports. Can be used for lubrication of two-stroke engines with water cooling.
