Engine oil for four-stroke engines of street, sport and work ATVs (quads) with air or water cooling. A modern additive package ensures stable lubrication system operation of the heavily loaded ATV engines. The viscous high-quality oil provides maximum protection against wear and ensures clean engine parts. Meets the requirements of JASO MA2. This guarantees a smooth and clear dome operation. Suitable for engines which meet the Euro 2 or Euro 3 standard. Compatible with all exhaust treatment systems.
